Unlisted Deaths	1,454	1,466
Total	9,511	9,842

\* The differences in these two tables can be attributed to two factors. First, the TDH data has not been finalized and several deaths still need to be added to the database. Second, the City of San Antonio deaths have been classified using ICD- 9 codes and TDH uses ICD -10 codes. Different classification methodologies can affect the cause attributed to the death.
